

Federal Communications Commission

Hearing Aid Compatibility Status Report (FCC Form 655)

Reporting Period: January 1, 2012 - December 31, 2012

Filing Confirmation Number: 0005603348

Filing Deadline: January 15, 2013

FRN: 0003010493

Filing Date: 01/14/2013 05:06 PM

General Report Information

Type of Company

Service Provider

De Minimis Exception

Did you offer any handsets to subscribers in the United States during the reporting period? Yes

Have you been offering handsets in the United States for at least three years prior to the end of the reporting period? Yes

Date that you began offering handsets in the United States

Are you a small entity? No

Were you a small entity at any time during the three years prior to the end of the reporting period? No

Date that you ceased to be a small entity?

Company Information

Company Name: Cincinnati Bell Wireless LLC

Brand Names: Cincinnati Bell Wireless
iWireless

PO Box:

Street Address: 221 E. Fourth Street

City: Cincinnati

State: OH

Zip Code: 45202

Contact Name: Patricia Rupich

Contact Phone: (513) 397-6671

Contact Fax:

Contact Email: pat.rupich@cinbell.com

Filing Agent

Is this report being filed by an agent on behalf of a manufacturer or service provider? No

Product Labeling

Do all hearing aid-compatible handsets include labeling? Yes

Explain:

Do all hearing aid-compatible handsets that are capable of voice communication over any air interface or frequency band that does not have hearing aid compatibility technical standards under ANSI C63.19-2007 include the required language disclosing that the handset has not been rated for hearing aid compatibility with respect to such operations?

Yes

Explain:

Do all hearing aid-compatible handsets that the manufacturer also tested and found not to meet hearing aid compatibility requirements under ANSI C63.19-2011 for one or more operations that are not covered under ANSI C63.19-2007, include language informing users by clear and effective means that the handset does not meet the relevant rating or ratings with respect to such operation(s)?

N/A

Explain:

Do all handsets that are capable of use for Voice over LTE, and that were certified for inductive coupling capability under ANSI C63.19-2011 without being tested for inductive coupling capability over VoLTE, include language disclosing that they were not tested with respect to this operation?

N/A

Explain:

Do all handsets that meet the criteria for an M3 rating by allowing the user to reduce the maximum power for GSM operation in the 1900 MHz band include the required disclosure?

Explain:

Public Website

Does your company maintain a public website describing all hearing aid-compatible models, the ratings of those models, and an explanation of the rating system? Yes

Website address: http://www.cincinnati-bell.com/customer_support/consumer_information/special_needs/haccompat/

Explain:

Consumer Outreach

Describe consumer outreach efforts in the past 12 months: CBW ensures that information related to the hearing aid compatibility of its handsets is available to consumers at its retail outlets as well as via its website. All retail sales representatives participate in an annual HAC training to ensure that they understand the hearing aid compatibility rating system and have appropriate information to assist consumers in selecting HAC handsets. Cincinnati Bell maintains a Special Needs website for disability community/consumer outreach. In addition, Cincinnati Bell's Special Needs Office can provide information regarding the hearing aid compatibility of its handsets to consumers needing special assistance and to organizations that assist persons with disabilities.

Methodology for Functionality Levels

Cincinnati Bell Wireless has devised a good/better/best rating system to assist in determining which CBW handset will best meet a customer's needs. Handsets are separated into each category based on the following three criteria: 1) the HAC rating, as certified by the handset manufacturer, 2) available handset features (e.g. voice, camera phone, WiFi capability, etc.) and 3) the manufacturer's suggested retail price.

Report Remarks

You have reported the following handset model summary information.

Total number of handsets offered: 67

Air Interface	Fully Hearing Aid Compatible		Acoustic Coupling Compatible Only		Non-Compliant Handsets		Excluded Handsets Number	Total by Air Interface
	Number	Percent	Number	Percent	Number	Percent		
GSM	24	36%	22	33%	21	31%		67
WCDMA	19	43%	15	34%	10	23%		44
